If you play these combinations every day, you are guaranteed to hit the lottery eventually. However, it is important to remember that the lottery is a game of chance, and there is no guarantee that you will win every time you play.

Here are some additional tips for increasing your odds of winning the lottery:

- Play the same numbers every time you play.
- Buy more tickets.
- Join a lottery pool.

- Play games with smaller jackpots.
- Don't get discouraged if you don't win right away. Keep playing and you will eventually hit the jackpot.

The lottery is a fun and exciting way to win money, but it is important to remember that it is a game of chance. There is no guarantee that you will win, but if you play smart, you can increase your odds of hitting the jackpot.
