The Blues Bibliography: Second Edition Volume is a comprehensive and authoritative reference guide to the world of blues music. This essential resource provides detailed listings of books, articles, dissertations, and other resources related to the history, culture, and performance of blues music.

The Blues Bibliography is an invaluable tool for researchers, scholars, and enthusiasts of blues music. This second edition volume expands upon the original work, offering even more comprehensive coverage of the field.

Scope and Coverage

The Blues Bibliography covers a wide range of topics related to blues music, including:

* The history of blues music * Blues culture and society * Blues performance and technique * Blues recordings and discography * Blues scholarship and research

The bibliography also includes a special section on blues education, providing resources for teachers and students.

Organization and Access

The Blues Bibliography is organized into several sections, each of which focuses on a specific aspect of blues music. The sections are arranged alphabetically, and each entry includes complete bibliographic information, as well as a brief abstract.

The bibliography is fully indexed, making it easy to find the resources you need. The index includes both author and subject entries.

Usefulness and Impact

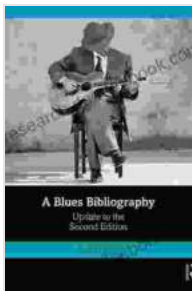

The Blues Bibliography is an essential resource for anyone interested in the study of blues music. This comprehensive guide provides access to a wealth of information on the history, culture, and performance of blues music.

The Blues Bibliography has been widely praised by scholars and enthusiasts alike. It has been used to support research, inform teaching, and enrich the understanding of blues music.
