The Cornerstones of the Loadsamoney System

The Loadsamoney Horseracing System is a multi-faceted approach that encompasses a wide range of factors. However, at its core, it revolves around three key pillars:

1. Form and Class Analysis

Barr places immense emphasis on assessing a horse's recent form and class level. He devised a sophisticated system for evaluating past performances, taking into account factors such as finishing positions, margins of victory or defeat, and the caliber of competition faced.
